D.K LIFT SERVICES

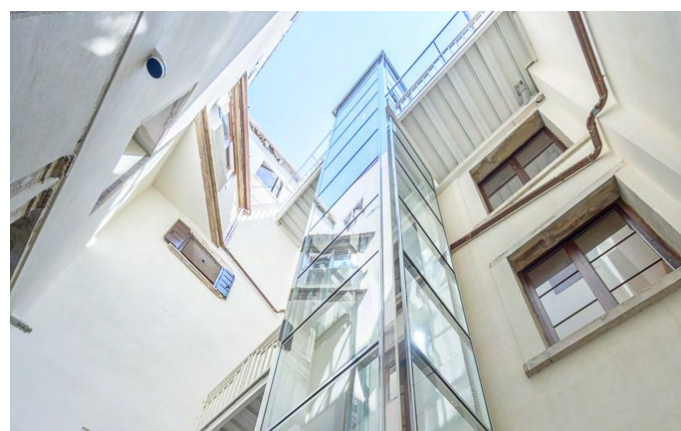

NOVA Cabin Lifts

Our NOVA Cabin Lifts offers flexible and highly customisable solutions to make indoor or outdoor environments accessible with elegance, style and comfort for those who live and work in the environment in which it is installed.

The Suite Lift brings a stylish lift solution tailored to match the design and decor of any residential home. Whilst the Grand Suite elevator is the ideal commercial solution to improve accessibility in places open to the public such as shopping centres, hospitals, hotels, care homes and other public buildings.

NOVA Elevators are based in Italy and have been designing and manufacturing custom-made energy-efficient home lifts and commercial platform lifts since 1992.

With bespoke lifts installed in over 27 countries, a NOVA cabin lift will be able to provide custom-made functionality for any New Build or Property Refurbishment.

WHY NOVA LIFTS?

Find the perfect balance of attractive design and exceptional functionality in terms of space needs, costs, energy consumption and user experience with a NOVA cabin lift.

NOVA Suite Home Cabin Lifts

BENEFITS OF THE SUITE LIFT

- Cabin walls Skin-plate coverings are customisable in wood-effect or stainless steel
- Wide range of cabin accessories for users' comfort with stainless steel optional finishes
- Automatic doors and swing doors, including fire-rated doors and with thermal break
- Different styles of attractive LED lighting and suspended ceilings
- A choice of Panoramic glazed or full metal structures (or a combination of both)
- Smooth and silent ride with automatic "return-to-floor" in case of power failure
- Works with 3 different styles of operations: hold-to-run, automatic operation at landings and automatic operation both in car and at landings

DISCOVER OUR CABIN LIFT MADE-TO-MEASURE, ENVIRONMENTAL-FRIENDLY WITH LOW ENERGY CONSUMPTION

NOVA Suite Home Cabin Lifts

COMPLIANCE

All of our NOVA lifts are CE certified in compliance with Machine Directive 2006/42/CE.

The lift traction system is designed and manufactured according to Green Energy Principles, reducing energy consumption and consequently the emissions of CO₂ up to 70%.

INSTALLATION & WARRANTIES

Installation typically 5-12 days, depending on site conditions and lift travel.

All our lifts are supplied with a 12-month warranty as standard and we offer a range of service options tailored to suit your specific requirements.

RESPECT FOR THE ENVIRONMENT

The NOVA Suite traction system is designed and manufactured according to Green Energy Principles, reducing energy consumption and consequently the emissions of CO₂ up to 70%.

It requires only 0.55 kW to run, equivalent to running your vacuum cleaner.
